### Preparing Drawings

### **Creating drawings for Henna Stories**

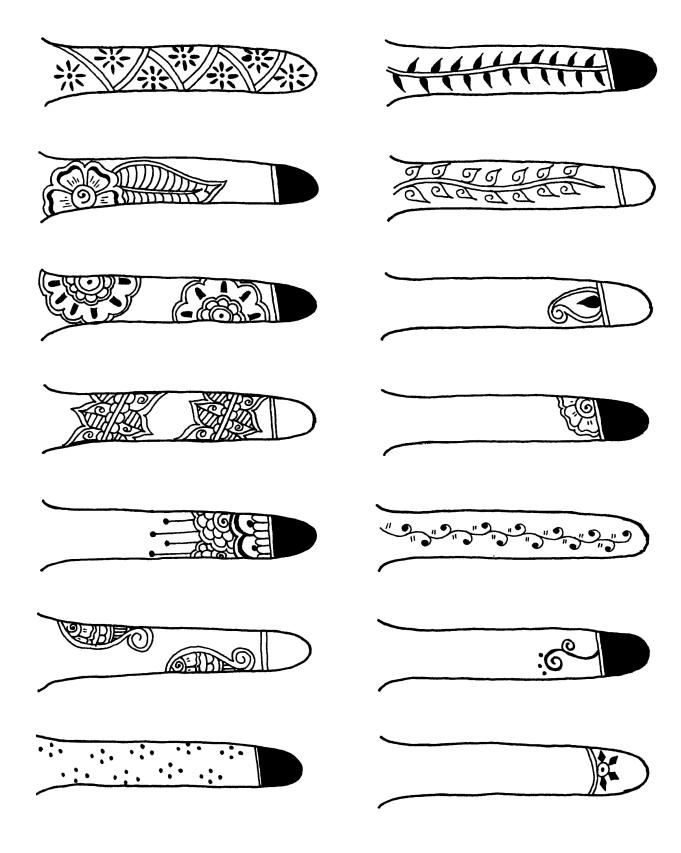

- Use the official Henna Stories pattern outline (page 2)
- Draw the initial pattern in very light pencil to avoid mistakes
- Use a medium point permanent marker. The lines shouldn't be too thick or too thin. Look at the sample for a guide (page 3)
- Scan the final drawing at 300dpi resolution and save as JPEG or TIF format. Can be scanned as RGB or Grayscale.
